445 12th Street SW
Washington D.C. 20554

Via Fax and U.S. Mail

Dear Commissioner Martin:

I am writing to you regarding the **CableTV Viewability Proposal**. This proposal will protect analog cable TV subscribers from the loss of service after February 17, 2009. The order will also ensure that DTV signals will not suffer material degradation when carried in cable TV systems.

This is an important order for American consumers. We must be certain that they will not be disenfranchised after the DTV transition. At the same time TV signals must be protected from material degradation so that viewers can enjoy the full benefits of HDTV.

We ask for your support for the **CableTV Viewability Proposal**.

Sincerely,

Leo T. Henning
Regional Vice President
